Diastolic pulmonary arterial pressure
Pulmonary capillary resistance
Systemic venous compliance
Systemic arterial compliance
Systemic venous resistance
Left ventricular passive elastance
Pulmonary arterial compliance
Systemic capillary resistance
Pulmonary venous resistance
Diastolic systemic arterial pressure
Systemic capillary resistance
Pulmonary arterial compliance
Left ventricular passive elastance
Systemic venous compliance
Pulmonary venous resistance
Pulmonary capillary resistance
Shunt discharge coefficient
Pulmonary venous compliance
Mean pulmonary arterial pressure
Pulmonary capillary resistance
Pulmonary arterial compliance
Systemic venous compliance
Systemic arterial compliance
Systemic venous resistance
Systemic capillary resistance
Shunt discharge coefficient
Left ventricular passive elastance
Mean right atrial pressure
Right ventricular passive elastance
Pulmonary arterial compliance
Systemic venous compliance
Systemic capillary resistance
Right ventricular active elastance
Systemic venous resistance
Systemic arterial compliance
Pulmonary venous compliance
Mean systemic arterial pressure
Systemic capillary resistance
Pulmonary arterial compliance
Left ventricular passive elastance
Systemic venous compliance
Pulmonary venous resistance
Pulmonary capillary resistance
Shunt discharge coefficient
Systemic arterial compliance
Pulmonary−to−systemic flow ratio
Shunt discharge coefficient
Systemic capillary resistance
Left ventricular passive elastance
Left ventricular active elastance
Right ventricular passive elastance
Systemic venous resistance
Pulmonary capillary resistance
Systemic venous compliance
Systemic flow (cardiac output)
Systemic capillary resistance
Pulmonary arterial compliance
Systemic venous compliance
Systemic venous resistance
Left ventricular passive elastance
Systemic arterial compliance
Shunt discharge coefficient
Pulmonary venous resistance
Systolic pulmonary arterial pressure
Pulmonary arterial compliance
Pulmonary capillary resistance
Systemic venous compliance
Systemic venous resistance
Systemic arterial compliance
Systemic capillary resistance
Shunt discharge coefficient
Right ventricular passive elastance
Systolic systemic arterial pressure
Systemic capillary resistance
Pulmonary arterial compliance
Systemic arterial compliance
Left ventricular passive elastance
Systemic venous compliance
Pulmonary venous resistance
Pulmonary capillary resistance
Shunt discharge coefficient
